Note

In consideration of the long service rendered to the State by the late Mr R T Scaldwell, Supg Engr who died before retiremen , the Govt have resolved upon making some provision for the education of his children

Accordingly, a scholarship of Rs 30 per mensem, tenable for 4 years, was s nctioned in Pro lo ######## 968-69/Mis 164 dated 18th July 1899, for the second daughter of Mr Scaldwell, to have effect on her ob--taining admission into the Madras Medical College It is reported that the Medical College course com--mences on the 1st July ~~1899~~ 1900, and the scholarship will not have effect till then

Enquiry was also made regarding Mr Scald--well's eldest son, as to whe he is now studying, when he will matriculate, wh School he will jo n for train--ing in Engineering, and what i the course of such training &c Mr Haldwell writes on behalf of Mr Scald--well's family and says that Mr Scaldwell's eldest son is now 16 years old, that he is now in the Ware Gram--mar School in Hertfordshire, and that he will matriculate about the end of the year 1900 It is proposed to place him afterwards in the Crystal Palace Company's School of Practical Engineering where he has to under--go a course of 3 years In the case of very bright and previously prepared studen s a 2 years course is found sufficient, but in all ordinary cases a 3 years course is necessary

The cost of education at the

Engineering School (including board & lodging) for 3 years is £ 407

OFFICE OF
THE INSPECTOR GENERAL OF EDUCATION
IN MYSORE

B g l. 13 August 1902

Dear Mr Narayanayya,

You have not yet favoured me with a reply about the scholarship of young Scaldwell who is in England & is ardently desirous the means of education Mrs Scaldwell again writes to me the enclosed letter, which

I send for your perusal
as you may remember
scholarships were sanctioned
both for Gumy Scaldwell
this week. The latter did
not avail herself of the
sanctioned scholarship
But Gumy Scaldwell
wants the scholarship
of an increased amount

for two years instead of
a smaller scholarship for
three years I have given
full details in my formal
letter If you can kindly
expedite the sanction of
Government, it will be
a great obligation to
Mrs Scaldwell

Yours sincerely
H J Bhabha

10

Dear Mr Thatcher

I shall feel greatly obliged if you would kindly let me know if you have heard anything regarding my Ind. Scholarship — He has to enter the C. Palace College next month, & if he misses this term he will have to wait till the next & he has already lost 2 years in everything — I trust you will kindly excuse my troubling

17

Office Note

In Govt Pros No 4170-71/Fd 1-3 dated 15th Sept 1900, a scholarship of £ 100 per mensem was sanctioned for a period of one year to Robert Scaldwell (Eldest son of the late Mr T Scaldwell, Suptg Engr in Yscre) for studying in the Crystal Palace Company's School of Practical Engineering in England, the grant to be renewed year after year for a period of 3 years in all

It is now represented that the amount (£ 80/-) sanctioned by Govt is not sufficient to meet both the cost of Education at the School in question, and also the cost of living, and that therefore it is proposed to enter the boy in a cheaper School, viz the Finsbury Technical College of the City and Guilds of London Institute The fees payable at this Institution amount to £ 45/- per annum, which leaves a sum of £ 35/- for the maintenance of the boy The permission of Govt is solicited to this change

It is further requested that the first year's scholarship, viz , £ 80/-, may be paid in advance before 1st July 1901, to Mr Goodfellow, the boy's guardian in England, to enable the boy to enter the College in Septr on payment of the prescribed fees, an

17

that further payments may be made every half year

Submitted, for orders

The orders sanctioning the scholarship were passed in Council

20/4/07

I think the request may be allowed in both respects—i e change of the institution and Pre Payment of the first year's amount

Submitted to the Dewan for orders

30/4/1907

The Programme is interesting, but I am not sure that even if we can get men to go, other than Europeans will be admitted

Before this could be subd to the Dewan, a more recent letter has come from Mr Haldwell stating that the idea of placing the boy in an Engineering School has been given up as he is backward

(2

in Mathematics, and requesting

(1) that the scholarship grant may be paid annually or biennially to Mr. Goodfellow (made a Guardian of the boy) to enable him to give a sound practical training to the boy, or

(2) that the scholarship sanctioned for Mr. Scaldwell's son and daughter may be fixed to Mrs. Scaldwell for 3 years, to enable her to arrange for their training

In the case of the boy a scholarship of Rs 100 was sanctioned
In the case of the girl a scholarship of Rs 20 was sanctioned

Subd to Secy

2/5/01

Submitted to the Diwan.

4/5

Rec'd 6/5/01 12 noon

5/14

What this Municipal training will be must be more clearly defined & the general assent given or withheld before the Govt will allow this original proposal to be considered

Rebby accdg see me see draft by

(Note Continued) 5

The foregoing orders of the Dewan were Communicated to Mr Haldwell (boy) in this Office Docket No 15286 dated 14 May 1901 mo 7 2-99

Mr Haldwell now submits another application dated 25 July 1901 in which he states that the lad Robert Caldwell has passed the entrance Examination for the Crystal Palace School and that the School authorities are prepared to admit him at the opening Sessions on 1st September 1901.

Referring to a previous Communication, in which it was stated that the boy's attainments in Mathematics were backward and insufficient for an Engineering education, Mr Haldwell says that the boy having had the aid of a Special Tutor has made most satisfactory progress

progress and has passed the Entrance Examinations and that there is every prospect of his having a successful course in the School

A letter dated 30 June 1901 from Mr Walter New, Head Master of the Hertford Grammar School, where Robert Caldwell was educated is produced with the view of vouching for the facts stated above, and as to the amount required in Connection with the boy's education

It is stated that a sum of Rs 180 per mensem is required for education, board and lodging for a period of 2 years, that is to say, a total sum of Rs 4320 - A scholarship of Rs 100 per mensem for the boy for 3 years, and a ~~Sum~~ Scholarship for his sister of Rs 30 per mensem for 4 years to enable her

"H ~~castes~~ to study at the
Dew Medical College (Solāb
to Rs 5040) were sanc-
m -tioned by this Gaub
15-2 m Proceedings N°- 4170-71 and 968-69
ms 7 Ed 143 Mus 164
dated respectively the 15th Sept 1900 and 18th July 1899

su The girl having given
le up the idea of joining
m the Medical College
th owing to ill health,
h Mr. Haldwall proposes
e that both the scholar
I -ships may now be made
th available for the boy's
f education, and Rs 4500
c sanctioned for the
' purpose out of the sum
of Rs 5040 referred to
above - An immediate
payment of £111 (equal
to Rs 1665) to Mr
Goodfellow (the boy's
uncle and guardian
in England) is requested
so as to enable the
boy to join the Crystal

43

Palace School on the 1st September next

It is represented that the boys mother has spent all her available means on the boy's preliminary education and has nothing more than her small pension for the maintenance of herself and her other Children (2 grown up girls and one boy)

The Dewan directed that these papers may be submitted along with the application of Mrs Barron & Mason —

BR
9/8/01

Office Let me have these papers please HMS
10/8

Letter No 9583/323 d 9th May 1902

A reference on this subject has also been received from the Inspec

General of Education, who states
that the request of Mrs Scaldwell
may be complied with, inasmuch
as the single scholarship now
asked for on behalf of Mr Scaldwell
will ~~not~~ cost to Government less than
the original scholarships ~~of~~ sanc-
-tioned to him + his sister but not
availed of by them as shown below —

Scholarships originally sanctioned		Scholarship now asked for
1 Robert Scaldwell Rs 100 a month for 3 years	Rs 3600	1 Robert Scaldwell £ 150 a month for two years — £300 or Rs 4500
2 Miss Scaldwell Rs 30 a month for 4 years	Rs 1440	
	Rs 5040	

The Inspector General says that he believes
the boy has, after waiting long for a reply
joined the school from 1st January 1902,
that Mrs Scaldwell has no funds to main-
-tain the boy and that unless Govt are pleased
to come to relief, the boy's education will be
seriously retarded or will have to be abandoned

Scene N° 31

The Inspector Genl of Education was requested to ascertain and report as to the state of the Lads education.

The Insp Genl stated that R Scaldwell has not yet joined the Crystal Palace School of Engineering for want of means, that he has left Wales Grammar School, Hartford where he received his general Education & has been taking lessons in Mathematics and Science and on July 1902 he obtained a certificate for passing the South Kensington examinations and he was strongly recommended to join the Crystal Palace School from 1st Sept 1902. As he heard nothing definite about the Bryson Gov. Scholarship he did not join then, nor has he joined his new term which commenced on the 1st Sept 1902, and it was not his fault that R Scaldwell to keep the current term of 3 yrs and to secure the scholarship at their earliest convenience if not he will have to wait till January 1906

On the Govt sanctioned on behalf of R Scaldwell a scholarship tenable for two years, of £30 per annum each which included the scholarship £100 already sanctioned for himself and of £30 for Mrs Scaldwell & orphan who has not been awarded of by her

The Inspector Genl stated that he will inform him that R Scaldwell has passed the necessary entrance examination above and is prepared to enter the Crystal Palace School, but according to the rules he

be admitted on payment of the years fees
in advance as follows.

6

School fees for one year £ 60
Instruments & books — £ 10
Subscriptions & expenses — £ 5
£ 75

The Inspr. Genl recommends Mrs
Scaldwells request and that payment on account
be made through Messrs Smith & Co. Mrs
Scaldwell wishes to know at what rate of exchange
the Scholarships will be counted in English
money at 1s-6d per rupee the scholarships
would be worth £104 a year at 1s 6d they would be
worth £117

Subd to Secty
18/10/02
Rect 20th Idem

Under the circumstances stated
in orders are solicited whether
a years scholarship, viz,
Rs 130 x 12 = Rs 1560/- may not
be given in advance as prayed
for

Another prayer is that
the amount may be paid at the
privileged rate of 1-6d per rupee.
This rate is allowed only as regards
family remittances made by
our Officers for the maintenance
of their families or the Education of
their children in England. The result is as follows

Sanctioned by Govt	Rs 1560 per annum for 2	
The boys school expts	£ 75	
years scholarship at	1-4d	£ 104
do	at 1-6	£ 117

I warrant £117 to be given as one years scholarship.

HIS EXCELLENCY SIR K SHESHADRI IYER KCSI

DEWAN, MYSORE STATE

YOUR EXCELLENCY

As a Relative and the Confidential Friend of the late Mr R T Scaldwell Superintending Engineer Mysore Public Works Department and in the assurance that your benevolent sympathy will excuse the intrusion I venture to submit this appeal on behalf of his widow and orphan children

Your Excellency and the Government are aware that after about 30 years of faithful and efficient service Mr Scaldwell's health suddenly broke down and completely failed the collapse occurring immediately after the completion of the Hessarghatta Water Works

This great project demanded as Your Excellency well knows immense and incessant toil and most anxious and unremitting care and thought Mr Scaldwell devoted himself to it with unsparing zeal and fidelity and labored on with this intense strain upon every faculty of mind and body during all the long period the work was in progress He succeeded in achieving a most successful completion but it was at the utter sacrifice of health and as it has since proved at the very cost of his life

On the completion of the project Mr Scaldwell was promoted to the grade of Superintending Engineer as a reward for his very able and meritorious services but the promotion unhappily was of but little personal benefit as his health and strength were so broken and undermined that he was absolutely unable to take up the office or enjoy its dignity and emoluments but was compelled to give up all work and proceed on sick leave on the half pay of his old rank to the Hills where he arrived under my care—a most pitiable wreck of his former strong reliant self feeble and helpless as a child and with every nerve of his system unstrung and shattered

After 4 months rest on sick leave the Government was graciously pleased to employ him on the extensions of the Palace property in Ooty and his health was considerably improved by the comparative rest and the bracing climate of the place

But even with this improvement the medical authorities considered a long leave to Europe indispensably necessary for the restoration of health and under such advice a furlough of 18 months was granted Mr Scaldwell availed himself of this leave and reached England at the end of August and during the ensuing three weeks apparently improved in health He had engaged and furnished a house and was preparing to settle down and enjoy the well earned rest but before this English home could be even entered he was stricken down with a relapse of the old brain affection that had always troubled him through the previous years illness and within 24 hours of the attack life was extinct

This deplorable termination of his life is a most terrible disaster to his wife and family of four children and from a position of comparative affluence and comfort they are suddenly plunged into the deepest distress and poverty

Such money as Mr Scaldwell had was lodged in the local bank and till the Will is proved and administration settled, a matter that must occupy a protracted period of perhaps several months the family can obtain nothing and are left almost penniless

When Mr Scaldwell's health broke down at the conclusion of the Hessarghatta Work Your Excellency and the Government were most kind and considerate and expressed every wish to deal most generously Had Mr Scaldwell elected to retire at the time he would have been favored with a handsome bonus in addition to his pension which under ordinary circumstances would have continued for a long term of years or might have been commuted for a capitalized amount of about Rs 39 000 as calculated according to the prescribed Government rates

Mr Scaldwell's sad death in the very prime of life has however cruelly terminated all these expectations and the bereaved family can claim nothing But on behalf of the widow and orphans I appeal to the benevolence and generosity of the great Mysore State and crave that in consideration of Mr Scaldwell's valuable services and under the exceptional circumstances of the case very indulgent consideration and very generous treatment may be graciously accorded the family

The Mysore State has ever been distinguished for its noble benevolence and generosity to the families of employees cut off prematurely by ailments contracted in the over zealous discharge of duty and I feel most certain that the present sad case will commend itself and ensure the generous sympathy of Her Highness the Maharanee Regent and of Your Excellency and the other Members of the Mysore Government

I have the honor to be

Your Excellency's

Most obedient Servant

Ed. Scaldwell

Ootacamund

Note

Since the receipt of this Petn on behalf of the widow & Children of the late Mr. Scaldwell Mrs Scaldwell has had to return to India and is said that in very poor circumstances She is an applicant for some special help from the Govt

The case is a very sad one

Mr. Scaldwell has done excellent service to the State and his work in Connection with Hessarghatta is deserving of special recognition

I circulate this memorial with three pkts of press cuttings, for favor of the opinions of the Councillors

These papers speak for themselves and I have nothing to add to what is contained in them

THE SECRETARY TO THE GOVERNMENT OF MYSORE

General and Revenue Department

SIR

I have the honor to thank you for your letter No 970 M 16/ of the 18th July 1899 regarding the memorial submitted on behalf of the family of the late Mr Scaldwell, Superintending Engineer Mysore Public Works Department and Mrs Scaldwell and her children beg to express the deepest gratitude and thankfulness for the kind sympathy and generous assistance accorded by the Government

2 As requested in your letter I submit the information regarding Robert Scaldwell the late Mr Scaldwell's eldest son

The lad who closed his 16th year last January is at present in the Ware Grammar School in Hertfordshire England He has been in this school a year and is expected to matriculate about the end of 1900 It was the father's desire and intention to educate the lad for the Engineering profession and Mr Scaldwell is most anxious to carry out this wish With this view her aim is to place the boy as a student in the Crystal Palace Company's School of Practical Engineering an Institution that provides a sound practical education and training at an extremely moderate cost

3 According to the prospectus the course comprises Mechanical as well as Civil Engineering the curriculum being as follows —

In Mechanical Engineering

Steam and the steam engine including the theory of heat

Horse power &c

Boilers and fittings

Various types of Engine Stationery Marine &c

Propulsion of Ships

Water supply of Towns

Railways—Construction and appliances permanent ways locomotives and rolling stock station bridges tunnels &c

Dockwork

Materials—Strength manufacture &c

Metals—Iron Steel &c their production and manufacture by machine tools &c

Preparation timber stone building materials scaffolding and lifting gear

Mechanical drawing Estimating and calculations

Pattern making and foundry work

Fitting and smith's work

In Civil Engineering

Projecting and practical preparation by actual surveys levelling &c of plans in detail for complete public works such as railways docks &c

Preparation of working plans and sections calculations estimates specifications &c of details for such work

Original designing for lattice plate girder and other bridges and other works

Investigation and reporting on existing Engineering works completed or in progress

General application of Principles in Practice

4 The whole of the course requires from 6 to 9 terms or from 2 to 3 years A particularly gifted, or previously prepared student can accomplish it in the shorter period, but in the majority of cases, extra tuition extending over 9 terms is necessary

5 The cost of education board and lodging, for 3 years, will amount to about £407, and the school educations at Ware for 2 years will cost £164 thus making the total outlay £571, or in round figures and including sundries about £600 Details of the outlay are appended

6 Having an income of only Rs 180 per mensem for the maintenance of herself and family of 3 other children, Mrs Scaldwell finds it impossible to afford her eldest boy the desired professional education she therefore is constrained to submit the matter to the benevolent consideration of the State, and earnestly prays the Government will be graciously pleased to provide for the education and training of this eldest son of the devoted servant, who spent his life in the service of the State, and grant the required amount of £600, for this purpose

7 Mrs Scaldwell and daughter accept with the deepest gratitude the scholarship offered for the medical education of the daughter

The Medical College at Madras does not admit candidates till its sessions in July, so Miss Scaldwell will have to wait till this period, when she hopes to enter the Institution, and will strive her best to prove worthy of the patronage so very graciously extended to her

I have the honor to be,

Sir,

Your most obedient Servant,

E HALDWELL

Statement of Cost of Education, &c at the Crystal Palace Company's School of Practical Engineering

For a two years' course—special rate conditional on prepayment in full		£ 108

SIR

I have the honour to forward herewith an application from Miss Elizabeth Scaldwell dated 25th June 1900 and bearing Regd No 16990/3735 of 25th June 1900 to whom a scholarship of Rs 30 per mensem tenable for four years was awarded by Order No 960-9/Ms/164 dated 18th July 1899 ~~June 1900~~. She intends to join the College from 1st July 1900. She now applies either for an increase of her scholarship from ~~Rs~~ 30 to 50 or for the payment of her College fees by Government irrespective of her scholarship. She also requests that Government may be

be pleased to sanction a sum of Rs 150
for the purchase of text-books
and instruments required during the Course of
her study - In connection with the Griffeen
Fund the Travancore and Cochin Governments
have established two and one scholarships
respectively for women candidates qualifying
for the certificate of Apothecary of the value
of Rs 50 tenable for four years in the Madras
Medical College - The same Governments
provide a grant of Rs 150 for books and
instruments for each scholar - Under these
circumstances I recommend that the Government
of Mysore may be pleased in view of the
special services of the late Mr Scalowell
to grant to Miss Scalowell in addition to the
scholarship already sanctioned her College fees
for four years and a sum of Rs 150 for the
purchase of books and instruments

Bangalore

SIR

I have the honour to inform you that a Medical scholarship of Rs 30 a month tenable for four years was sanctioned for Miss Elizabeth Scaldwell by Government Order No 968-9 Mus 164 of 18th July 1899 She joined the Medical College, Madras in July 1900 The Principal of the institution states in his letter No 379 of 31st October 1900 that Miss Elizabeth Scaldwell has applied from Bangalore for two months' sick leave on the strength of a Medical certificate By her absence during the period she will lose the current Session The Principal recommends therefore that she may be permitted to rejoin the College from 1st July 1901 on the production of a certificate

of physical fitness to resume her studies. Under these circumstances I request that Government may be pleased to sanction the recommendation of the Principal, the scholarship granted to her being renewed after her return to the College for a period of four years from 1st July 1901

I have the honour to be,
Sir,
Your most obedient servant,

To

The Secretary to the
Government of Mysore
Central and Revenue Departments

Sir

With reference to your letter No 4172 E D 144 of ~~the 15~~ September 1900 regarding the scholarship sanctioned by Government for the education of the late Superintending Engineer Mr Scaldwell's eldest son in the Crystal Palace Company's school of Engineering in England I regret to state that it was not found possible to enter the lad at the Institution at the beginning of this year as intended for two reasons the first being that the fee for the years term - £54, prepayment of which is compulsory was not available and the second that the lad's mother was not able to provide for his maintenance during the three years term of this education

Enclosure — Programme of the City and Guilds Technical College Finsbury — Forwarded per Books Post

Returned & asked with letter Dy

In regard to this statement I beg leave to explain that in our memorial on the subject maintenance and education were both prayed for as the education in this case was not possible without a maintenance provision and the total cost was detailed as follows -

Preliminary general education 2 years		£ 193
Professional education -Engineering		
3 years course	£ 191	
Maintenance during this 3 years		
period	£ 216	= £ 407
Total cost		£ 600

The scholarship Government were pleased to grant at £ 100 per mensem for 3 years- is equivalent to £ 80 per annum or £ 240 for the whole term of three years and this amount it will be seen will be most entirely absorbed by the fees and other educational charges of the Crystal Palace school and thus nothing would be left for the maintenance of the lad during all the long period (3 years) of his training

The general education had been previously entered upon and is completed Its cost has been met by the family with difficulty and privation, but for the further outlay toward the professional education there is absolutely no

resource

resource beyond the Government scholarship, and under the circumstances the Crystal Palace Company's school course becomes impossible and a less expensive training has to be sought

Through the aid of friends it has been ascertained that a useful and practical technical education, though of a lower professional status, is obtainable in the Finsbury Technical college of the City and Guilds of London Institute at cost allowing a margin for maintenance that will be covered the Government scholarship

His Majesty the King as Prince of Wales was President of the Institution and the Executive Committee comprises long list of Eminent men of the Day

I submit the College Programme for reference and solicit that Government may be pleased to sanction Robert Caldwell's education in this or some other similar and suitable Institution in place of the Crystal Palace Company's school

I also solicit that in modification of the previous order communicated in your letter No 5242 E D 196 of 3 October 1900 Government will be pleased to sanction that the scholarship grant for the first year- viz.- £ 80- be paid by the 1 July 1901, in advance to Robert Caldwell's guardian Mr H P Goodfellow to enable him to pay in the necessary fees and thus provide for the lad's admission to the Finsbury College at its opening Sessions on the 1 September 1901

The subsequent scholarship payments might be made as stipulated in the Reference quoted above in advance half-yearly on Receipt of Reports of Progress from the Principal of the College or Institution in which the lad is being educated

The Guardian's address is as follo

H P Goodfellow Esquire
Falcon Works High Street,
Ware
Hertfordshire- England

Soliciting early orders,

I have the honor to be
Sir
Your most obedient servant

The Secretary

to the Government of Mysore

General and Revenue Departments

Sir

In connection with my letter of the 26th March 1901 regarding the scholarship sanctioned for the late Mr Scaldwell's eldest son I regret that I am compelled by information since received from England to intrude upon Government with a further appeal

By a recent mail Mrs Scaldwell has been advised that the lad's tutor finds him backward in mathematics and with no aptitude for the subject and considers he has little or no chance of pursuing with success the extensive course in this subject that is essential in an Engineering education

Mr Goodfellow the lad's guardian who is also his uncle strongly advises therefore that instead of wasting time and money in such education it would be best to train the lad in some useful mechanical business and undertakes if entrusted with the matter to provide a sound practical training that will fit the boy for a successful career in life

Mrs Scaldwell prays that this proposal may be favorably entertained and that the scholarship grant may be paid annually or bi-annually in advance to Mr Goodfellow who will furnish such certificates or statement as may be required

Or in lieu of the scholarships sanctioned for her son and daughter Mrs Scaldwell begs that a grant equivelent to the total amount be paid to her either at once or in instalments extending over three years and that she be permitted to arrange for the ---- training of the children

She submits this proposal chiefly on behalf of her daughter

daughter Elizabeth, as it seems pretty certain the girl will not be able to resume study at the Madras Medical College

She was there for about 3 months last year, but owing to the limited allowance the mother could provide, the girl had to practise such rigid economy-living in an undesirable and un--healthy locality on account of its cheapness, stinting food, en--during fatigue in walking to and fro to work in the great and -- unaccustomed heat - that her health broke down and she had to --- return home

Soliciting early orders on this petition,

I have the honor to be,
Sir,
Your most obedient servant,

Wm. Caldwell

(9)

To

The SECRETARY to the MYSORE GOVERNMENT

GENERAL and REVENUE DEPARTMENTS

SIR

With reference to your letter No 4172 E D 144 of the 10th September 1900 regarding the scholarship sanctioned for the education of the late Mr Scaldwell's son Robert in the Crystal Palace Company's School of Engineering in England and the subsequent correspondence on the subject I beg to state that Mrs Scaldwell has received a letter by the last mail from Mr Walter New the Head Master of the Hertford Grammar School where Robert Scaldwell has been educated reporting that the lad has passed the Entrance Examination for the Crystal Palace School and that the School authorities are prepared to admit him at the Opening Sessions on the 1st September next

In a previous letter I stated that the boys attainments in Mathematics were backward and scarcely considered sufficient for the higher branches of Engineering Education but since having had the aid of a special Tutor he has made most satisfactory progress and having passed the entrance Examinations there is every prospect of a successful course in the School

The President of the C P School considers a two years course sufficient for an Engineering Education and estimates cost at £140 for this period

Mr New visited the C P School inspecting closely every department and he recommends it as a most excellent and suitable institution and strongly urges Robert Scaldwell's education there I attach his letter and also append a copy for convenient reference

Mr New estimates the cost of board and lodging for 2 years at £ 100 but in the concluding portion of his note gives the total cost of education and living at about Rs 180 per mensem

By the former estimate the total cost for the whole term (2 years) would be £240 or Rs 3 600 by the second (Rs 180 × 24) £288 or Rs 4 320 The second estimate appears to us more correct and might be taken in round numbers as £300 or Rs 4 500

The Government were pleased to sanction a scholarship of Rs 100 per mensem for 3 years for this boy and a scholarship at Rs 30 per mensem for 4 years for Miss Scaldwell these amounting to a total of Rs 5 040

The latter scholarship has lapsed owing to the failure of the Girl's health as reported in my last letter Thus only the boy's scholarship remains and we now petition for Rs 4 500 (or the lower amount) for this scholarship against the sum of Rs 5 040 that Government were generously prepared to expend

As stated in my letter of the 25th March 1901 to which I solicit reference the desired education will be impossible without a maintenance provision as the mother has spent all she had on the boy's preliminary education and has nothing left beyond her small pension which is barely enough to support her and the remaining family of two grown girls and one boy

I therefore most earnestly entreat that Government with its wonted benevolence and generosity will consider the case favorably and accord its gracious sanction to the petition preferred ordering payment at once of such portion of the amount as will be necessary to allow of Robert Scaldwell's admission to the School on the 1st September 1901

	£
The amount thus required is—	
School Fees for 1 year—Payable according to Rules in advance	60
Instruments and Tools—Full amount	10
Subscriptions and excursion—1 year	5
Board and lodging, for first half year, at £6 per month	36
Total	£111

The above payment will be due in England by the 1st September, and thus immediate orders are most earnestly solicited

Payment to be made to H P Goodfellow, Falcon Works, High Street, Ware, Hertfordshire

The subsequent payments might be made as stipulated in your previous letter, in advance half yearly, on receipts of Reports of Progress from the Principal of the C P School

Once again soliciting early orders, to allow of Robert Scaldwell's admission to the School by the 1st September next, and thus prevent the fatal loss of a whole year

I have the honor to be,

Sir,

Your most obedient servant,

E HALDWELL

HALES GRAMMAR SCHOOL HEREFORD

June 30th 1901

DEAR MRS SCALDWELL

I went to town last week and visited the City and Guild's Engineering College and the Crystal Palace School of Practical Engineering The latter seems to me much the more suitable training place for Scaldwell There are 100 students only instead of 200 and the students get a great deal of individual attention they are thoroughly *taught* instead of being lectured to

I went all over the Drawing Modelling Fitting Surveying Shops &c All the students have to go through all the hard practical part of the work but instead of being kept at one lathe or drill for months as is too often the case with lads when articled or apprenticed to an Engineering Firm each student during the Session gets a thorough acquaintance with every Engine Drill Lathe Planing and other Machine in the Fitting Shop

Scaldwell went up on Wednesday for his entrance examination and I am glad to say that I hear from the Vice Principal Maurice Nelson Esq AMICE that they will be pleased to accept him as a student in September

The course is for *two* years The Principal tells me that the total cost of fees tools drawing instruments excursions &c may be put at £140 for the two years But beside this the boy has to keep himself for these two years so that £240 would be required to enable Scaldwell to take this thorough course of training Would you make a strong representation of the urgency of the case to the Mysore Government and see if they would grant your son a larger grant for *two* years instead of 100 rupees per mensem for *3* years It would take about 180 rupees per mensem for *two* years I am very anxious that Scaldwell should start in September

Yours sincerely

WALTER NEW MA CANTAB

General and Revenue Departments

Sir

I very respectfully invite attention to my letter of the 25th September 1901 soliciting payment of the first instal-ment of the Scholarship grant sanctioned by Government for the education of Robert Scaldwell in the Crystal Palace school of Engineering in England and praying for the issue of orders on the subject in time to admit of the lad's admission to the School at its opening Sessions in September 1901

I submit a printed copy of the above letter to facilitate reference

We have been anxiously awaiting the order and as it has not been received to date I am compelled to trespass upon you with this letter

As previously stated Robert Scaldwell has passed the Entrance Examination for admission to the School and the Principal who has kindly interested himself in the lad is anxious he should join at once and thus lose nothing or as little as possible of the present Term's instruction

The Principal has been in correspondence with the Head Master of the Hertford Grammar School where Robert Scaldwell was educated about the matter and Mr New the Head Master who is also a kind friend of the lads has sent in his (the Principal's) last note on the subject a copy of which I beg to attach

It is scarcely necessary to point out how very essential it is if the lad is to enter at all that he does so at once to obtain the full benefit of the Term's instruction

I therefore most earnestly entreat that you will be pleased to bring the matter before H E Sir P N Krishna Murti the Dewan and communicate to us at the earliest possible date the

orders

orders passed

Mrs Scaldwell is sending instructions for the lad to join immediately, on the terms kindly arranged by the Principal, and stated in his note of the 17th September 1901, the copy of --- which is appended and she is prepared to wire further instructions on receipt of your reply

The matter being of such urgent importance to us, Mrs Scaldwell will venture to wait upon you at your office during the course of next week and will be extremely grateful, if you -- will accord an interview, and grant her information and advice

I have the honor to be,

Sir,

Your most obedient servant,

Ootacamund

Dear Sir

In reply to yours of yesterday it is quite certain that Scaldwell ought not to delay commencing work here until January next he has already passed his Entrance Examination and is as you say quite ready to commence and now is the best time for him

I have spoken to the Registrar and he will be prepared receive Scaldwell in the way (which) you suggest Viz that he should come here and commence work at once and we will wait further news by the forthcoming mail If this should result in his remaining here as a student the ordinary fee can then be paid if not the Regi-ar will accept a Pro Rata payment on the Term fee for such period as he may be here

I hope there may be no delay in Scaldwell's commencing, as we have already started work and it would be a pity for him to miss Lecture &c

Thanking you for your letter

I remain

Yours very truly

26

To

H V Nanjundayya Esq M A M L,
Secretary to the Government of Mysore,
General & Revenue Depts,
Bangalore

SIR,

I have the honour to inform you that by Order No 4170-71/Ed 143 dated 13th September 1900, Government were pleased to sanction a scholarship of Rs 100 per mensem for Robert Sealdwell eldest son of the late Mr R T Sealdwell, Superintending Engineer, tenable for three years in the Crystal Palace Company's School of Practical Engineering. This scholarship young Sealdwell has not availed himself of till now, as he finds the lowest monthly cost of education in the above school to be Rs 180 - The course in the Chrystal Palace School is moreover one of two years and not three

2- A scholarship of Rs 30 tenable for four years in the Madras Medical College was also sanctioned for Miss Sealdwell by Order No 968-9/Miss 164 dated 18th July 1899 Miss Sealdwell however could not avail

herself of the scholarship as her health broke down within the first month of her stay in Madras and she had to abandon her studies.

3. On the 25th July 1901 Mrs E Haldwell wrote to you and requested Government to be good enough to convert Robert Scaldwell's scholarship to one of £150 a year tenable for two years, and informed you that the boy's term would commence on the 1st September 1901. After waiting long for a reply the boy has entered the school I believe from the 1st January 1902. Mrs Scaldwell has no funds from which to maintain the boy at school and unless Government are pleased to come to her relief at once the boy's education will have to be abandoned altogether

4 I give below a comparative view of the two scholarships already sanctioned but not availed of and the scholarship now asked for

Scholarships already sanctioned but not availed of	Scholarship now asked for for Robert Scaldwell
Robert Scaldwell. Rs 100 a month for three years or Rs. 3,600	£ 150 for two years or 300 £ or Rs 4,500
Miss Scaldwell Rs 30 a month for 4 years or Rs 1440	
Total Rs 5040	

5 From the above comparison it will be seen that the single scholarship of

46

Robert Sealdwell at this enhanced scale will cost Government less than the original scholarships granted to him & his sister. I earnestly recommend that in view of the late Mr Sealdwell's services Mrs Sealdwell's request for an enhanced scholarship for Robert Sealdwell of £150 a year tenable for two years in the Crystal Palace Company's School of Practical Engineering may be kindly granted at the earliest convenience of Government. Unless early relief is given the boy's education will be seriously retarded or it may have to be given up altogether.

I have the honour to be,

Sir,

Your most obedient servant,

J R Vesey Fitzgerald

Inspector General.

SIR

With reference to your letter No 4883 Pus 741
dated 25th September 1902, I have the
honour to inform you that Robert
Scaldwell has not yet joined the Cryst
Palace School of Engineering for want
means - He has left Hales Grammar
School Hertford where he received his
general education, but he has not been
idle - He has been taking lessons in
Mathematics and Science and in July 1902
he obtained certificates for passing the
South Kensington examinations in
Mathematics and Science - He was strong
recommended to join the Crystal Palace
School from 1st September 1901 As he

50

heard nothing definite about the Empire Government Scholarship he did not join them - Nor has he joined till now - On the 1st September 1902 the new term commenced in the Crystal Palace School, but Mrs Scaldwell writes to let me know that if Government are pleased to sanction the scholarship at their earliest convenience it will not be too late for her son to keep the current term Otherwise he will have to wait till January 1904 before joining the school Under these circumstances I request that Government may be good enough to pass very early orders on my letter No 9893/323 of 9th May 1902

I have the honour to be,

Secretary to the Government of H.H.
General & Revenue Departments,
Bangalore

SIR,

With reference to Order No 5145-6/783 dated 29th September 1902, I have the honour to inform you that Mrs Scaldwell returns her most grateful thanks to His Highness's Government for its great kindness and liberality

2. Mrs Scaldwell informs me that Robert Scaldwell has already passed the necessary entrance examination and is prepared to enter the Crystal Palace School at once, but according to the rules he can only be admitted on payment of the year's fees in advance The fees to be paid in advance are the following

School Fees for one year — £ 60
Instruments and Tools — £ 10
Subscriptions & Excursions — £ 5
Total £ 75

Mrs Scaldwell will therefore feel highly obliged if Government will kindly order at their earliest convenience payment of one year's scholarship in advance through Messrs Coutts & Co to Mr H P Goodfellow of the Falcon Works, High Street, Ware, Hertfordshire, who is the boy's guardian and uncle. The date from which Robert Scaldwell joins the school will be notified and may be taken as the date from which the tenure of the scholarship will commence. Under these circumstances I request that Government may be pleased to grant Mrs Scaldwell's request.

3 Mrs Scaldwell will be thankful to know at what rate of exchange the scholarship will be counted in English money. At 1s-4d per rupee the scholarship will be worth £104 a year, at 1s-6d per rupee it will be worth £117. She will feel very thankful if the more favourable rate of exchange can be kindly granted
